NOTICE, R. N. A.!

Monday night, May 29th, at 8 o'clock, there will be a class presented for initiatory work. Every Royal Neighbor is urgently requested to be present. West hall of Craig building.

REV. CLARK ACCIDENTALLY KILLED

Kinsley, Kan., May 23.—Clarence H. Clark, pastor of the Free Methodist church in Kinsley, was struck and instantly killed by the west-bound local passenger train through here yesterday.

Mr. Clark was driving into town from the south and was approaching the crossing at a fair rate of speed. The passenger was traveling at a speed estimated at about twenty-five miles an hour when the collision occurred. A long freight train which was taking water prevented Mr. Clark from hearing the warning bell at the crossing and the view being obstructed by the coal chutes he was unable to see the passenger train, it is said. The train struck the auto about the center of the side and completely wrecked the car. Death was instantaneous to Mr. Clark.

Mr. Clark is survived by a wife and five children, the youngest of whom is fifteen years of age. It is rumored here that the deceased's family will sue the railway company.

A short funeral service was held at the church this morning. The body was taken to Kinsley this afternoon where funeral services will be conducted tomorrow.—Dodge City Globe.

Rev. Clark, mentioned above, was a brother-in-law to Mr. and Mrs. L. V. Gardner of Liberal. Mr. and Mrs. Gardner and son, Roy, and daughter, Eunice, and Clarence Boles left Tuesday morning for Kinsley to attend the funeral.

CATTLEMEN CALL MEETING

Lately a number of the local cattlemen have been talking about an association for their benefit and the sentiment for some kind of organization has reached the point where the cattlemen have made a call for all those interested to come to Liberal on June 10 and talk the matter over with the cattlemen and stockmen of this immediate southwest. See J. E. George in Liberal for the place to meet. All stockmen in the southwest should be at this meeting.

PLAYGROUND MEETING

A mass meeting will be held Sunday afternoon, May 28, at 4 p. m., at the opera house, for the purpose of interesting people in, and raising money for, the Playground Movement. It is the desire of the association to procure instructors for the

summer vacation. Everybody knows the benefits derived from the work last summer and should be glad and willing to make it possible to provide directed play for their children, thus keeping them off the streets. We hope every man and woman in Liberal will come out and hear what the plans of the association are.

DO YOU WANT A MAN TO WORK FOR YOU?

If you want a man to work on your farm or do any kind of work in town you can get one by calling the Chamber of Commerce office. During the past week there have been a number of men in the office looking for work, some want farm work, others work in town. Some have had experience in some special line while others are just looking for work. If the Secretary has no men to send you he will be glad to take your name and send you a man as soon as he can locate one.

If you are a merchant or are in a position where men often ask you to help them find work you can help them by referring them to the Secretary's office. Many of these men intend to make Liberal the home for themselves and their families and if we help them get work and show them that the town wants them as citizens they will develop into boosters for Liberal and her people and all concerned will be benefited.

You can use the Chamber of Commerce office as a Clearing House for all inquiries of men asking for work and people hunting men to work.

MRS. DU PONT OPERATED UPON

Mrs. Marie DuPont, who has been ill for some time, left Friday in company with Miss Dolly Hill, her sister, for Rochester, Minnesota, where she will undergo an operation at the Mayo Bros. hospital.

Mrs. Dupont has been in such a condition that she was confined to her bed for about two weeks prior to leaving for the hospital. The doctors here told her that there was a short gathering in her head and that she would have to have an operation performed before she could hope to get well. She left her little daughter, Marita, in care of her grandmother at Pratt while she is away. The Mayo Bros. hospital is considered one of the best hospitals in the country and there is reason to hope that the operation will be entirely successful.

A HOSPITAL ON WHEELS

John Maguire, a prominent farmer and ranchman of near Rolla, was taken seriously ill with a kidney attack on Thursday of last week and was brought to Liberal by W. C. Steward that night for medical attention. Billy drives a big Studebaker and quickly converted the same into a hospital bed for the sick man by removing one of the front seats and laying the patient on the floor of the car, in which position he was brought to Liberal. Mr. Maguire made the trip in good shape and in a short time, with no inconvenience whatever. It speaks well for the riding qualities of the Studebaker and the driving ability of Billy.

FOR SUPERINTENDENT

The Democrat announces the candidacy of Prof. A. B. Fullmer for re-nomination to the office of superintendent of public instruction. Mr. Fullmer is now serving his second term as superintendent and is willing to run for the third term on the results accomplished during the past two. So far as we know the schools and educational matters of the county have been well taken care of during his tenure of office, and the only thing we can say against him is that he is a Republican. However, we believe the republic would not totter on its throne if he were re-elected, so we place his announcement before you for due consideration.

SHUMATES LOSE LITTLE GIRL

Lola Shumate, daughter of Mr. and Mrs. A. Shumate, died Friday night, after a continued illness. Heart disease was the cause of her death. The little sufferer was but eight years of age, was loved by all who knew her and her death is lamented not alone in the Shumate home. The remains were shipped Sunday morning to Bells, Texas, for interment, Mr. and Mrs. Shumate accompanying them. That morning a large number of Masons met at the home and carried the casket to the depot. Mr. and Mrs. Shumate have the sympathy of their many Liberal friends in their bereavement.

HAS AGENCY FOR THE GRANT

T. V. Symons, proprietor of the Rock Island barber shop, has purchased a new Grant-six and will now whiff the odor of burnt lubricating oil as well as the aromatic perfumes of hair tonics, massage creams and the like. Tom, as he is better known to his friends, will go to Dodge City within the next few days to receive this car, and, as he has purchased the agency for the same, will likely be ardently studying the methods of

IN R. N. A. CIRCLES

Mrs. Frederick, field worker for the R. N. A., has been here a week working in behalf of the local camp. Her work has been very successful. New interest is manifested and a large class will be initiated Monday night followed a few evenings later by a school of instruction. Both evenings will be of special profit and pleasure to all Royal Neighbors.

NEW SECRETARY IS HERE

J. D. Broadwell arrived Sunday night from Emporia to assume his duties as permanent secretary of the Liberal Chamber of Commerce. Mr. Broadwell is sent here by the state organization and comes highly recommended by that body. When he gets acquainted with the members and familiar with the lay of the land around here he will find Liberal about the liveliest place in the state for its size.

ABOUT CLEANING UP

You may visit a home where people are good. And the housewife is tidy and neat. But the looks of the yard could be helped if they would. Keep the trash cleaned from under their feet.

Just so is our town, our people're all right. But our yard is not kept very clean. Papers blow down the street till it's really a fright. They should be kept where they are not seen.

Put in a barrel where they can't blow around. It would not be much trouble to you. You'd see a change in the looks of your town. Yet it's a very small thing to do.

Our alleys are full of all kinds of stuff. Old boxes and barrels, tin cans and glass. To me a really does look pretty tough. Yet we claim a city of the second class.

Make them clean up and keep this trash hauled away. If you would have a city that's clean. Or fine them a five dollar bill every day. And then all this trash won't be seen. —Address Corner Rock Island Street and Can Alley.

Paramount pictures every Monday and Wednesday. Majestic.

NOTICE

The Order of Rebekahs will have an election of officers Thursday, June 1, 1916. All members are requested to be present.

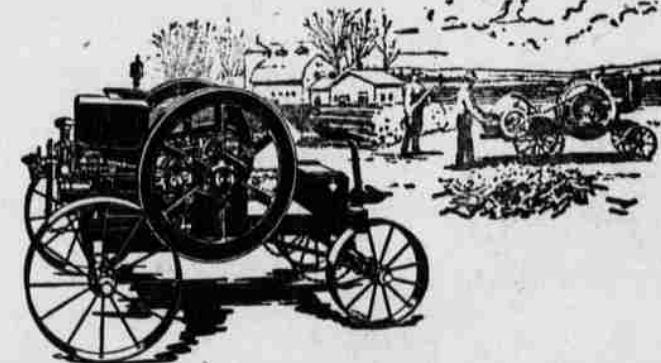

MRS. R. A. EVANS,
Noble Grand.

A Symbol of Health

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

COUNTY TREASURER'S NOTICE.

SALE OF STATE SCHOOL LANDS
Notice is hereby given that I will on Saturday, the 3rd day of June, 1916, at 2 o'clock p. m., at my office in the court house in Liberal, Kansas, offer for sale at public auction, and sell to the highest and best bidder, under the terms provided by law for the sale of State school lands, the following described real estate situated in Seward county, Kansas: NE 1/4 of NE 1/4 and the NW 1/4 of the NE 1/4 of Sec. 16, Township 34, Range 31, West. The same being school land. That no bid will be received on said land for less than five dollars per acre, the properly made and approved appraisal of said land. In witness whereof I have hereunto subscribed my name at my office in Liberal, Kansas, this second day of May, 1916. T. S. LOCKE,
County Treasurer of Seward County, Kansas.

Can You Afford Any but a Titan Kerosene Engine?

AT present average prices for kerosene and gasoline, Titan kerosene engines save their owners about 1 r.c. per horse power per hour over gasoline engines.

Figure it this way. On an 8-horse engine the saving is 8.8c. an hour, 88c. in a 10-hour day, \$88 in 100 days of work. Say that is all your engine does in a year.

It would cost you \$88 more than you need to pay, to run an 8-horse gasoline engine one year. That is more than a third of the price of the engine. Can you afford to throw away \$88 a year? Can you afford even to think of buying a gasoline engine, when you can get a Titan that uses kerosene? See the Titan dealer and talk this over. He has some interesting figures to show you.

International Harvester Company of America
